Profile

Computer Science undergraduate with a strong foundation in programming, algorithms, and system fundamentals. Hands-on Experience in working with modern development tools and practices, with an interest in building efficient and scalable software solutions.

Education

Bennett University

B.Tech - CSE (DevOps specialization); CGPA: 8.41

2023 – present

Greater Noida, India

Relevant Coursework: DSA, Operating System, Computer Network, DBMS, OOP, AI/ML

Skills

Languages

C++, Python

DevOps & Automation

Linux, Docker, Jenkins, Terraform, Kubernetes, CI/CD

Cloud Platforms

Amazon Web Services (AWS), Microsoft Azure

Others

HTML, CSS, Git, Github, MySQL, Nginx, JIRA

Projects

End to End - University Chatbot

- Designed and automated a CI/CD pipeline using GitHub Actions, reducing manual deployment effort and enabling zero downtime releases for a microservices-based LLM-powered chatbot application.
- Containerized all application services with Docker and orchestrated deployments on Kubernetes using declarative manifests, ensuring consistent, scalable, and reproducible environments.
- Provisioned AWS infrastructure using Terraform and deployed application on EC2 by pulling container images.
- Implemented monitoring and logging using AWS CloudWatch to track application performance and system health.

Terraform Three-Tier AWS Architecture

- Designed and provisioned a scalable three-tier architecture on AWS using Terraform.
- Configured Application Load Balancer and Auto Scaling Groups to ensure high availability and fault tolerance.
- Reduced manual infrastructure setup effort through Infrastructure as Code (IaC) practices.

Azure Application Gateway Infrastructure

- Provisioned Azure infrastructure using Terraform, including virtual networks, subnets and Application Gateway.
- Configured Application Gateway with listeners, backend pools, and routing rules for secure and efficient traffic.
- Enhanced system scalability and maintainability through modular and automated infrastructure design.

Certificates

AWS Certified Cloud Practitioner

Amazon

Microsoft Azure Fundamentals

Microsoft
